The Ultimate Autocross Learning Experience

Intro (1 day)

The basic fundamentals are addressed in the Intro class. This class is specially designed to cover the most important components of sound autocrossing techniques and strategies.

Covered in the Intro class are:

- course walking strategies
- timed runs
- ergonomic considerations
- driving mechanics - the hands, feet, and head
- an introduction to the psychology of driving and other human factors

Whether you are a first time driver or a seasoned veteran, working on the fundamentals of driving is critical to success. The Intro class is arguably the most important class in our line-up.

Comp (1 day)

The **Comp** class dovetails with the Intro course as it re-emphasizes the basic fundamentals learned in the Intro course while introducing some strategies which will take your driving to the next plateau. Now that you have begun developing sound fundamentals after experiencing the Intro class, you're ready to start pushing yourself and begin honing your competition skills.

- Reinforce basic fundamentals
- Multiple course configurations
- Begin pushing the limits of you and your car
- Advanced driving techniques and strategies
- Advanced psychological/mental concepts and strategies
- Learn to compete - competition preparation

In the Comp class you'll understand and learn how to maximize your cars potential. Advanced concepts, driving techniques, and car control skills will be emphasized throughout the day. Students will test themselves on several challenging course configurations during the day while receiving one-on-one personalized guidance the entire time. It's like having your own personal autocross coach instructing you all the way to the top! Beat the instructors times and you may be rewarded with a prize on the podium at the conclusion of the day.
