## President's Corner

Wow, that was fast!

Summer is over already and it's time to head back to the track. Time permitting, it is our intention to create an updated test and tune course, as it is pretty unanimous that the box on side B is just overly painful. Elements like the slalom will likely remain. We don't plan on a total replacement, but hope to add several new features.

The usual Florida summer rain pattern (afternoon showers) should be in effect, so I plan on starting the drivers' meeting on Sunday at 9:45 am like we have done at a few previous events. This means course walking will close between 9:15 and 9:20 am. Please plan accordingly.

One last reminder...BRING YOUR DRIVER'S LICENSE. No license, no racing, no exceptions. We've had a couple of issues with this in the last few events and we intend to enforce the rules on this subject. As part of your race day preparation, double check you have your license.

## October 26-27, 2013

Registration Deadline 9/15/2013

## **The Ultimate Autocross Learning Experience**

### **Extreme 2-Day School**

The Extreme class was originally developed several years ago and has since been attracting experienced autocrossers such as National Champions, regional champions, and other experienced drivers looking to squeeze out those last few tenths. The Extreme is geared toward the advanced student who is willing to put forth the extra effort to reach his or her goals. You must have completed the Intro and Comp classes to attend this school.

#### The features of the class include:

Advanced concepts explained in easy-to-understand terms Multiple course configurations

2-lap format

Daily data analysis session w/segment times

Determine specific weaknesses and strengths

Understand and learn how to maximize the cars potential

Data collection session using cutting edge technology\* (AX-22 performance computers)\*\*

\*Weather conditions permitting

In the 2-day Extreme, a multi-lap, multi-day format will give each student the most seat time available at any professional autocross school. In addition to loads of high quality seat time and

instruction, a data analysis session is held each day allowing the student to view segment times, braking and acceleration areas, and a detailed analysis of what is working well and what may need some polishing. If you're ready for some serious fun, a ton of seat time, and some in-depth quantitative analysis of your driving - the Extreme is for you!

<sup>\*\*</sup>Cars must have a working 12V cigarette lighter power port.

# 2013 Trophy Rules Gulfcoast Autocrossers, LTD

- The 2013 season will consist of ten events held at Buckingham Airfield.
- To qualify for year-end class champion, the following requirements must be met:
  - Must compete in at least eight events in the 2013 series.
  - Must compete in at least eight events in the same car class.
- 3. At the end of the series, a class champion award will be given to the person with the most points in the class, based on the following:
  - Points from the best eight of ten events will be counted
  - In the event of a tie, the ninth event will determine the tie breaker.
- All results and class designations will be final at the end of each event.
- 5. Points cannot be transferred from one class to another class. (Note: It is the driver's responsibility to know what class they belong in)

Numbers must be readable and correct. We follow SCCA standards when it comes to numbering standards. Your numbers should be a minimum of 8" tall, with a bold stroke, no less than 1.25" thick. Class letters must be a minimum of 4" tall with a 0.75" stroke. Additionally, the colors selected should be of high-contrast as compared to your car color. They should be easily readable from the timing and scoring RV.

Shoe polish and tape numbers ARE NOT PERMITTED. You must have your car number, and class letters installed, before tech inspection. Paper numbers and class letters are available for sale in the tech area.

# 🔼 Mufflers Required 🗘

Mufflers with baffles are required to keep your car at a reasonable sound level. The people who live around the site have to listen to us for 2 days. If our neighbors start complaining we could lose the site. Do you want to be the person responsible for this??

Remember, if you think it might be too loud, it probably is. Please keep it as guiet as possible.
