Please Remember

The advertisers you see in our program help support our sport. If you need something, please try to patronize the businesses that care about autocrossers.

President's Corner

No problems were reported with passengers on Saturday at the last event, so we will be continuing that program. The wrist bands did finally arrive, so novice school attendees will be getting blue (for beginner, max 28 per Saturday) and experienced drivers will be getting red (for racer).

Drivers with red wristbands will be permitted to take passengers, BUT the passenger must be a registered driver. Novices (blue) can only have a passenger if it's one of our member instructors.

We are again hosting the SoloPro Extreme school on 9/27 & 9/28. The entry form for this is included in this newsletter and is also on the website. Registration and payments must be received by 9/16/2014. Logistics on this event are always a challenge, so if you are interested, PLEASE send in your registration and payment. Checks are not cashed until the event actually takes place.

This is one of our hottest weather events, so be sure to bring plenty of sun screen and liquids. As always, soda and water is available onsite for \$0.50.

Craig

Extreme (2 days)

The Extreme class was originally developed several years ago and has since been attracting experienced autocrossers such as National Champions, regional champions, and other experienced drivers looking to squeeze out those last few tenths. The Extreme is geared toward the advanced student who is willing to put forth the extra effort to reach his or her goals. The features of the class include:

- Advanced concepts explained in easy-to-understand terms
- Multiple course configurations
- 2-lap format
- Daily data analysis session w/segment times
- Determine specific weaknesses and strengths
- Understand and learn how to maximize the cars potential
- Data collection session using cutting edge technology* (AX-22 performance computers)**

A multi-lap, multi-day format will give each student the most seat time available at any professional autocross school. In addition to loads of high quality seat time and instruction, a data analysis session is held each day allowing the student to view segment times, braking and acceleration areas, and a detailed analysis of what is working well and what may need some polishing. If you're ready for some serious fun, a ton of seat time, and some in-depth quantitative analysis of your driving - the Extreme is for you!

The SoloPro Extreme - it's about time!

**Weather conditions permitting*

***Cars must have a working 12V cigarette lighter power port.*

Mufflers Required

Mufflers with baffles are required to keep your car at a reasonable sound level. The people who live around the site have to listen to us for 2 days. If our neighbors start complaining we could lose the site. Do you want to be the person responsible for this??

Remember, if you think it might be too loud, it probably is. Please keep it as quiet as possible.
