Please Remember

The advertisers you see in our program help support our sport. If you need something, please try to patronize the businesses that care about autocrossers.

President's Corner

Get ready for Event #1, our season opener in the 2022 GCAC Championship Series on January 8th & 9th! Online registration opens on January 3rd for this event. Be sure and register before noon on Friday, January 7th.

We have opted to bring back our Novice School beginning with the January event. The class size will be limited to 24 students. All students must request the novice school during the online registration process to reserve their space. We are planning to add some new equipment to our Novice School this year and also allow novice drivers to remain on the novice course for the day. We anticipate this will give the Test & Tune participants additional runs and multiple work/run sessions. We will not be bringing back tokens at this time. One additional change is that drones are no longer allowed on-site.

With our Saturday Test & Tune now having work and run groups assigned, please arrive prior to the driver's meeting at 9:45 am (or earlier if you wish to walk the course). First car on course begins at 10:00 am. If you check in late, you will forfeit any missed runs.

We are relaxing our COVID-19 policy, but the following guidelines will remain in place:

- >>Pre-registration and pre-payment is required.
- >>No on-site payment will be accepted.
- >>No loaner helmets will be available.
- >>If you have any cold/flu like symptoms, please stay home!

Just a reminder...

If you register and pay for an event and are unable to attend, we will provide a credit token on your profile for our next event as long as you notify us via email no later than midnight before the event. Your email should be sent to: gulfcoastautocrossers@gmail.com

Please email us with any questions.

Mufflers Required

Mufflers with baffles are required to keep your car at a reasonable sound level. The people who live around the site have to listen to us for 2 days. If our neighbors start complaining we could lose the site. Do you want to be the person responsible for this??

Remember, if you think it might be too loud, it probably is. Please keep it as quiet as possible.

Number Warning

586

SSM 4"

Numbers must be readable and correct. We follow SCCA standards when it comes to numbering standards. Your numbers should be a minimum of 8" tall, with a bold stroke, no less than 1.25" thick. Class letters must be a minimum of 4" tall with a 0.75" stroke. Additionally, the colors selected should be of high-contrast as compared to your car color. They should be easily readable from the timing and scoring RV.

Shoe polish and tape numbers ARE NOT PERMITTED. You must have your car number, and class letters installed, before tech inspection. Paper numbers and class letters are available for sale in the tech area.
